Creative, detailed oriented web designer with a passion for creating standards-based websites.

## Education

**Utah Valley University, Orem, Utah** — Digital Media, Bachelor's of Science, April 2007

## Work Experience

**Web/UI Designer, Tomax Corporation;** Salt Lake City, UT — 2008-2009

While working as a Web/UI Designer for this company I had the following duties:

- Creating custom interfaces for clients' Point of Contact systems
- Interpreting business processes and providing compatible solutions in the custom interface
- Designing interfaces for the company's stand alone software product

**Graphic Designer, Novatek/IntelliServ;** Provo, UT — 2003-2008

As the Graphic Designer for the company, I worked on a wide array of digital media and internet projects including:

- Designing concepts for a re-design of the company's website
- Controlling the format and presentation of sales and marketing materials
- Designing the presentations shown to potential customers by sales staff
- Creating posters and brochures for internal and external purposes

**Creative Director, WebTeam at UVU;** Orem, UT — Jan. 2006-Apr. 2007

As the Creative Director of this team it was my responsibility to design the look and feel of the website for the Digital Media department at UVU. My duties consisted of:

- Creating the design in Photoshop and translating that design into XHTML and CSS
- Assisting in the construction of content management workflows
- Interfacing with template developers to create dynamic versions of XHTML designs

## Skills

- Expert level skills in XHTML, HTML, and CSS
- Experience using the JQuery & Scriptaculous JavaScript Libraries
- Solid understanding of Content Management Systems, their roles and capabilities
- Understanding of PHP and MySQL
- Excellent skills in Adobe Creative Suite programs
